* As announced on July 31, 2025, in the "Notice on the Company Split (Simple Absorption-type Split) of the Hydraulic Equipment Business and the Conclusion of a Share Transfer Agreement and a Shareholders' Agreement with Comer Industries S.p.A.," a resolution was made regarding the company split of the hydraulic equipment business and the share transfer of the subsidiary succeeding this business. Accordingly, from the third quarter of this fiscal year, the business is classified as a discontinued operation based on IFRS 5. Consequently, the figures for net sales, operating profit, and profit before tax display amounts for continuing operations excluding the discontinued business from the beginning of the period, while the net profit for the period and the net profit attributable to owners of the parent company represent the sum of continuing and discontinued operations. For the previous fiscal year, similar reclassification has been applied, so the YoY change rates for these are not listed.

[Component solutions business]

Net sales and operating income for the component solutions are expected to increase by 11.7% year-on-year, to ¥88,600 million and by 29.1% year-on-year, to ¥7,000 million.

Sales of precision reduction gears are expected to increase year-on-year driven by the growth in demand for industrial robots due to recovery in capital investment, especially in the automotive industry, and the sales expansion in general industrial markets.

[Transport solutions business]

Net sales and operating income in the transport solutions business are expected to increase by 7.1% year-on-year, ¥107,600 million and by 32.1% year-on-year to ¥18,100 million.

Sales of railroad vehicle equipment are expected to decrease year-on-year due to the slack season in the domestic production of new vehicles and the resolve to sell the European subsidiary in December 2025, while the domestic demand for MRO (Maintenance, Repair, and Overhaul) is expected to remain steady.

Sales of aircraft equipment are expected to increase year-on-year due to the expansion of demand resulting from increased defense spending and the anticipated growth in demand for commercial aircraft.

Sales of marine vessel equipment are expected to increase year-on-year due to the favorable demand for new vessels primarily in China, and MRO.

Sales of commercial vehicle equipment are expected to increase year-on-year due to the steady demand in the domestic market and anticipated recovery in the Southeast Asian market.

[Accessibility solutions business]

Net sales and operating income in the accessibility solutions business are expected to increase by 0.1% year-on-year, to ¥110,800 million and by 5.9% year-on-year, to ¥10,100 million.

Sales of automatic doors business are expected to remain at the same level as the previous fiscal year due to the steady demand for domestic and overseas building doors.

[Others]

Net sales and operating income in other businesses are expected to increase by 14.6% year-on-year to ¥20,000 million and by 27.6% year-on-year, to ¥2,800 million.

Sales in packaging machines are expected to increase year-on-year due to the steady demand for equipment upgrades primarily among domestic food manufacturers.

2. Management Policy

(1) Basic Policy of the Management of the Company

Based on its corporate philosophy, the Nabtesco Group has formulated a 3-year medium-term management plan starting in 2025 to realize our long-term vision, which was announced in February 2021, with the year 2030 as the final year.

[Corporate Philosophy]

The Nabtesco Group, with our unique motion control technology, will provide safety, comfort and a sense of security in daily lives as well as any form of transportation.

[Long-term Vision]

Leaders in Innovation for the Future

[Basic Policy of the Medium-Term Management Plan]

“Reviving Potential, Evolving Excellence.”

Reviving Potential; Reviving our profitability by executing Project 10

Evolving Excellence; Evolving our technology from “motion control” to “smart motion control” to provide new value that meets the needs of society

(2) Management Targets

The Nabtesco Group has set the targets for the medium-term management plan for 2025 to 2027 as follows.

【The targets for the medium-term management plan】

ROIC : 10% or over

Return to shareholders : DOE 3.5% or over

Include flexible share buybacks

Environmental Target : Reduce CO₂ Emissions in 2027 by 50%

(fiscal year 2015 baseline/SBT 1.5°C target achieved)

(3) Medium- to Long-term Management Strategies

Nabtesco is reviving profitability by executing Project 10 (Reviving Potential) and evolving our technology toward smart motion control (Evolving Excellence) to deliver the value of our products and services, ultimately achieving our long-term vision of becoming a “leader in innovation.”

1) Project 10 Regain earning power and profitability

Enhance profits through business growth, cost reduction, and optimization of fixed costs.

2) Smart Motion Control

Our core competitive edge in component technology is evolving from “motion control” to “smart motion control,” including electrification, integration and data solutions. This will create new value to address societal challenges in our business fields.

3) Portfolio Management

Optimize our business portfolio based on our vision (smart motion control) and profitability (ROIC)
