Awarded the Highest Rating from CDP in the Fields of Climate Change and Water

Nabtesco Corporation (headquarters: Chiyoda-ku, Tokyo, President & CEO: Kazumasa Kimura) hereby announces that it was awarded the highest rating and selected for inclusion in the Climate Change A List and the Water Security A List by CDP*, which is an international NGO that addresses environmental issues. Nabtesco has been included in the Climate Change A List for seven consecutive years and the Water Security A List for three consecutive years.

Nabtesco has been promoting environmental management in a broad manner to reduce its environmental impact. In particular, the company regards carbon-free measures as an “ESG item having a major impact on financial issues” among management materiality. This fiscal year, we have fully revised our "Environmental Philosophy" and "Environmental Action Guidelines" in order to further accelerate our efforts to address environmental issues such as climate change response and water resource conservation.

Nabtesco has been conducting energy conservation activities, including introducing highly efficient equipment to its production bases and fostering the construction and rebuilding of its plant facilities to make them environmentally advanced. In addition, the company is promoting energy creation activities such as solar power generation. Also, in the water field, Nabtesco has been working to reduce the use of water in its business activities while identifying and managing water risks across its supply chain.

Going forward, Nabtesco will continue to strive for solutions to environmental and social issues toward the creation of a sustainable society.

End

CLIMATE WATER
