**Awarded the Highest Rating from CDP in Three Environmental Fields
Inclusion in the Supplier Engagement Leaderboard 2020**

Nabtesco Corporation (headquarters: Chiyoda-ku, Tokyo, President & CEO: Katsuhiko Teramoto) hereby announces that it was selected for inclusion in the Supplier Engagement Leaderboard, being awarded the highest rating from international non-governmental organization CDP in its annual supplier engagement rating. It has also been included in the Climate Change A List and in the Water Security A List, and has thus been awarded the highest rating from CDP in three environmental fields for fiscal year 2020.

Representing 515 institutional investors around the world who manage assets totaling 106 trillion US dollars, CDP collects and evaluates information about the environmental measures implemented by companies. In the supplier engagement rating, CDP evaluates the anti-climate change initiatives implemented by companies across their supply chains. For 2020, more than 8,000 companies in the world were evaluated, and 396 companies, including Nabtesco, were selected for inclusion in the Supplier Engagement Leaderboard in recognition of their initiatives and strategies implemented for the reduction of greenhouse gas emissions and the management of climate-related risks across their supply chains.

Nabtesco will continue to conduct a range of activities to solve various environmental and social issues toward the creation of a sustainable society.
