

5th September, 2018

Nabtesco at “InnoTrans2018” (Germany)

The 12th InnoTrans will take place in Berlin during September 18-21, 2018 which is held once in two years, and it will celebrate its 12th time.

It will be the sixth time for Nabtesco Railroad Products Company to participate this exhibition, and aiming to build and improve further Nabtesco brand and acquire new projects under the concept of "Be your valued partner", Nabtesco Railroad Products Company will exhibit brake and door products at two strengths "high reliability" and "optimum LCC (Life Cycle Cost)." At the same time, Nabtesco Accessibility Innovation Company will exhibit “Platform Screen Door.”

Furthermore, our European affiliates Nabtesco Oclap S.r.l. (Italy) and Gilgen Door Systems AG (Switzerland) will also join the exhibition.

You are welcome to touch and feel the “moving it, stopping it.” technology of Nabtesco during InnoTrans2018.
