Awarded the Highest Rating from CDP in Three Environmental Fields Inclusion in the Supplier Engagement Leaderboard 2022

Nabtesco Corporation (headquarters: Chiyoda-ku, Tokyo, President & CEO: Kazumasa Kimura) hereby announces that it was awarded the highest rating and selected for inclusion in the Supplier Engagement Leaderboard 2022. The Company has also been included in the Climate Change A List and in the Water Security A List for fiscal year 2022, which means that it has thus been awarded the highest rating from CDP in three environmental fields for four consecutive years since 2019.

Nabtesco has been promoting environmental management in a broad manner to reduce its environmental impact. In particular, the Company regards carbon-free measures, which have a large financial impact, as one of the top priority among its issues of management materiality. Accordingly, it has been conducting energy conservation initiatives, including introducing highly efficient equipment to each production bases and fostering the construction and rebuilding of its plant facilities to make them environmentally advanced. In addition, the Company is promoting various energy creation activities such as solar power generation.

Nabtesco also recognize that addressing climate change risks in the supply chain is an important issue, and has been actively engaged in environmental management through the supply chain, including sharing CO₂ reduction methods with suppliers and supporting the setting of voluntary reduction targets.

Going forward, Nabtesco will continue to conduct a range of initiatives to solve various environmental and social issues toward the creation of a sustainable society.
