

## Nabtesco at “InnoTrans2014”

The 10th InnoTrans will take place in Berlin on September 23-26.

Railroad Products Company of Nabtesco exhibits our latest development “Oil Free Scroll Compressor”, “Compact Brake Control Unit”, “Compact Disc Brake Caliper”. At the same time Accessibility Innovation Company will introduce “Platform Screen Door”. Furthermore, European affiliates Nabtesco Oclap S.r.l. (Italy) and Gilgen Door Systems AG (Switzerland) will join the exhibition. You are welcome to touch and feel the “moving it, stopping it.” technology of Nabtesco during InnoTrans2014.
